Remarks:

Cameroon Incineration of hydrocarbon sludge, hospitals and/or laboratories wastes, used oil etc. But performances to be specified.

Morocco The CMPP plays a coordinating as well as catalytic role of a natural cleaner production market by means of: the promotion and dissemination of the concept of sustainable ecological industrial development; improvement of the performance and competitiveness of the enterprise; and making public opinion sensitive and aware of cleaner production technologies.

Remarks:

- Croatia List of other institutions or companies involved in Waste management field of Croatia could be obtained by CEA on requirement.
- Poland Almost all technical universities have faculties/teams dealing with waste management.
- Republic of Moldova The Republic of Moldova is Part of Basel Convention since 1998. During that period of time the country has not received any assistance in the field of convention implementation. The framework for the control of transboundary movements of waste was established by MERN staff, composed from one person, which is responsible for all waste management problems, including Basel Convention.

Remarks:

Finland

Several universities, research institutes and private companies. It is not possible to give an exhaustive list of them. In the following list there are governmental organizations and companies partly owned by the government, as an example of the assistance available: - Ministry of the Environment (focal point of the Bas Convention), Contact information: P.O. Box 35, FIN-00023 Government, tel. (358-20) 490 100, fax (358 9) 1603 9716, website www.ymparisto.fi; - Finnish Environment Institute: environmental research and development organization dealing, among other things, with various matters connected with wastes and the management. The Finnish Environment Institute is also the competent authority responsible for the control of transboundary movements of wastes. Contact information: Finnish Environment Institute, P.O. Box 140, FIN-00251 Helsinki, tel. (358 20) 490 123, www.ymparisto.fi; - Ekokem Ltd: the major hazardous waste disposal facility in Finland comprising e.g. two high-temperature incineration plants, a physical-chemical plant and a special landfill. Ekokem Ltd possesses a lot of expertise and know-how on hazardous waste management and environmentally sound technologies. Contact information: Ekokem Ltd, P.O.Box 181, FIN-111 Riihimäki, tel (358 10) 7551 000, fax (358 10) 7551 300, web-site www.ekokem.fi; and - VTT Technical Research Centre of Finland: Research institute having expertise on various sectors including environmental protection, waste management and non-waste technology. Contact information: VTT, P.O. Box 1000, FIN VTT, tel. (358 20) 722 111, fax (358 20) 722 7001, web-site www.vtt.fi.
