## 4a Use of Basel Convention Notification/Movement document forms

---

### All Regions/Countries, Parties of the Basel Convention

---

#### UN Region: Africa

---

##### Egypt

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.  
Languages problems.

**Other forms** Egypt accept only notifications and movement documents in English translation.

---

##### Madagascar

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.  
Nous n'avons plus d'objection majeure dans le cadre de ce formulaire de notification de la Convention de Bâle.

**Other forms** La majorité de déchets en transit dans les ports et les territoires de Madagascar sont en provenance de l'île de la Réunion pour éliminer ou valoriser en France.  
Le pays exportateur utilise le formulaire de notification FR (C.E.) et nous n'avons plus de problème à propos de ce formulaire.

---

##### Nigeria

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

##### Senegal

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.  
Insufficient information on arrival and departure times of freight, and insurance scheme of the transporter. Also, the forms are very often sent in English, which is not a language accepted by Senegal.

**Other forms** The forms should be sent in French.

---

## **Tanzania (United Republic of)**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

### ***Other forms***

---

## **Tunisia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

### ***Other forms***

The notification form of the European Community is used and accepted.

---

## **Uganda**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

- Most applicants are ignorant on the National policies, laws, regulations and legislations
- A lot of bureaucracy in government institutions
- Corruption from government officers in government institutions
- Long process of issuing out licenses from various institutions
- Failure of applicants to provide adequate and appropriate information/data on time lead to delays in the issuing out licenses
- Language/communication barrier amongst applicants and the issuing authority
- Requires a lot of capital input for initial processing.

**Other forms** Licenses (Import and export) are issued by this Authority to the applicants. The licenses are then forwarded to Uganda Revenue Authority for necessary Customs verifications and control of goods.

---

## ***UN Region: Asia and Pacific***

---

## **Azerbaijan**

2008 Azerbaijan is in a preparatory process to use and/or accept the Notification and Movement documents forms of the Basel Convention in the control of transboundary movements of hazardous wastes and other wastes.

**Problems** There is no information concerning problems being encountered in the usage of the Notification and Movements documents forms provided for Azerbaijan.

### ***Other forms***

---

## **Bahrain**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Brunei Darussalam**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

Language Problems. Translation are not provided for non-English language forms.

**Other forms** None.

---

### **China**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Cyprus**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Forms under the relevant EU regulations.

---

### **Japan**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Malaysia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Form AS 15A (Rev. 2006) - Application for export of scheduled waste from Malaysia.

Form AS 14 (Rev. 2006) - Application for the importation of scheduled waste into Malaysia.

---

### **Qatar**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Republic of Korea**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Singapore**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Sri Lanka**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

Some times the documents are in other languages resulting delays in responding to them on time.

The lack of following data to monitor the movements and keep a track of consignments transiting the port of Colombo was intimated on previous occasions too. It is appreciated if all relevant parties concerned are informed of this requirement by the Sri Lanka Ports Authority:

- 1.Vessel Name and ETA at Port of Colombo
- 2.Container No
- 3.Nature of the Hazardous Waste
- 4.Emergency Response Procedure

**Other forms**

---

**Thailand**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

EC countries do not accept the Notification and Movement documents forms of the Basel Convention and they use only their own languages instead of English, which leads to misunderstandings and difficulties for the control of transboundary movement of hazardous wastes and other wastes.

**Other forms** Thailand also uses specific notification and permit application forms for import and export of hazardous wastes required by relevant national law.

---

**United Arab Emirates**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** EU Notification Forms.

---

**Yemen**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

Movement document forms take long time to process.

**Other forms** Provide information on any other forms which are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

---

**Andorra**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

*Problems* No problems have been encountered in the usage of the Notification and Movements documents forms.

*Other forms*

---

**Australia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

*Problems* No problems have been encountered in the usage of the Notification and Movements documents forms.

*Other forms* OECD and Waigani Convention forms are also used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

---

**Austria**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

*Problems* No problems have been encountered in the usage of the Notification and Movements documents forms.

*Other forms* In general the EU Notification and Movement document forms are used. For non-EC Countries the Basel Convention Notification and Movements document forms are accepted.

---

**Belgium**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

*Problems* No problems have been encountered in the usage of the Notification and Movements documents forms.

*Other forms* Model notification and movement/accompanying documents referred to in Council Regulation (EC) N° 1013/2006 Annex I A and IB (as amended by Council Regulation (EC) N° 1379/2007 amending Annexes IA, IB, VII and VIII of Regulation (EC) N ° 1013/2006 on shipments of waste, for the purposes of taking account of technical progress and changes agreed under the Basel Convention) are also used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

---

**Canada**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** The Canadian Administrative Notice form and prescribed Canadian Hazardous Waste / Hazardous Recyclable Material Movement Document forms pursuant to the EIHWHRMR are used for the notification and the control of the movements of hazardous waste and hazardous recyclable material as authorized through Division 8, section 185 of CEPA, 1999. It should be noted that the Administrative Notice form is not prescribed within the EIHWHRMR but serves as a template that contains all the necessary data elements as required under Annex V A of the Convention.

Canada does not currently use the Basel Convention notification form for Canadian exports or imports to or from the USA. Both the Canadian notice form and the Basel notification forms are completed for notifying of an international movement to countries other than the USA. The Basel notification form is accepted from foreign notifiers.

Other foreign exporter forms accepted by the Canadian Competent Authority since 2000 include:

Basel Convention Notification forms (from Basel Parties only);  
and OECD Notification forms (from OECD member countries only) for hazardous recyclable materials.

---

## **Denmark**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** EU Regulation form in annex IA & IB include all the information set out in the Basel Convention documents.

---

## **Finland**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** European Community notification forms (Commission Regulation (EC) No 1379/2007) are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes. Corrigendum to the Commission Regulation (EC) No 1379/2007 was published on 8 November 2008. It includes the updated model forms to be used by the notifier.

Annex VII of the Regulation No 1013/2006 defines the document to be used for shipments of the waste that are not controlled according to the said regulation. A valid contract according to the article 18 must be concluded by the parties of the shipment.

---

### **Germany**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Greece**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Notification and movement EU forms, as required by Waste Shipment Regulation 1013/2006 are used.

---

### **Ireland**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** The EU regulation governing shipments of waste is Regulation (EC) No. 1013/2006. Annexes 1A and 1B of the new regulation are the notification and movement documents to be used for shipments of waste.

---

### **Israel**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

**Italy**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

**Luxembourg**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

**Malta**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** The notification document and movement tracking document from Regulation (EC) No. 1013/2006 of the European Parliament and of the Council of 14 June 2006 on shipments of waste have also been accepted in the control of transboundary movement of hazardous wastes and other wastes.

---

**Netherlands**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** EC Document for Transfrontier Movement of Wastes.

---

**New Zealand**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Letters of consent/non-consent from the Competent Authority.

---

### **Portugal**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Regulation (EC) No 1013/2006 of the European Parliament and the Council and the Commission Regulation (EC) No 1379/2007 of 26 November 2007, amending Annexes IA, IB, VII and VIII of Regulation (EC) No 1013/2006 of the European Parliament and of the Council on shipments of waste, for the purposes of taking account of technical progress and changes agreed under the Basel Convention.

---

### **Spain**

2008 The Notification and Movement documents forms of the Basel Convention are not used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** There is no information concerning problems being encountered in the usage of the Notification and Movements documents forms provided for Spain.

**Other forms** Model notification and movement/accompanying documents referred to in Council regulation (EC) No. 1013/2006 are used and /or accepted in the control of transboundary movement of hazardous wastes and other wastes.

---

### **Sweden**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** EU Forms are used in most cases. Almost all shipments are between Sweden and other EU member states or EES countries.

---

### **United Kingdom of Great Britain and Northern Ireland**

2008 The Notification and Movement documents forms of the Basel Convention are not used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** There is no information concerning problems being encountered in the usage of the Notification and Movements documents forms provided for United Kingdom of Great Britain and Northern Ireland.

**Other forms** EC Notification and Movement/Tracking Forms used are those approved in the WSR (1013/2006). These are largely based on the forms of the Basel Convention, with minor alterations specific to the EU. Basel Convention forms are accepted for movements of waste from Basel Parties outside the EU.

---

### ***UN Region: Central and Eastern Europe***

---

#### **Bosnia & Herzegovina**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

#### **Bulgaria**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

#### **Croatia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Accompanying form on the transboundary movement of non-hazardous waste within Regulation on supervision of transboundary movement of waste (OG No. 69/06)

---

#### **Czech Republic**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Notification document and movement document in accordance with Annex IA and IB of Regulation (EC) No. 1013/2006 of the European Parliament and of the Council of 14 June 2006 on shipments of waste are used. These forms comply with the Basel Convention's requirement.

---

### **Estonia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Georgia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Hungary**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Latvia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Poland**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Annex VII - for green listed waste.

---

### **Republic of Moldova**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Romania**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Provisions of the Regulation (EC) no. 1013/2006 on shipments of wastes.

---

### **Serbia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Slovakia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Since 12 July 2007 notification and movements document forms according to the Regulation (EC) No 1013/2006 of the European Parliament and of the Council on shipments of waste have been used. These forms comply with the Basel Convention requirement.

---

### **Slovenia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** In Slovenia EU Notification and Movement document forms are used. They are in accordance with Basel convention forms. For non-EC Countries the Basel Convention Notification and Movement document forms are accepted.

---

## **Ukraine**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** None.

---

## **UN Region: Latin America and the Caribbean**

---

### **Argentina**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms** Article 4, Law 24.051 creates the “National Register of Generators and Operators of Hazardous Wastes”, that allows registered companies or individuals, to export wastes for its disposal or recovering in other countries under the figure “Export-Operator” (“Exporter”, article 3, Basel Convention). Those companies or individuals that carry out export operations of hazardous wastes are subject to audits activities by the Competent Authority in order to control the environmental sound management of mentioned wastes. After completing with every requirement determined by the applicable regulations, an “Environmental Annual Certificate” is granted.

Import operations of other wastes (not hazardous) are regulated by Resolution of the competent authority 946/2002

---

### **Barbados**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Bolivia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

*Other forms*

---

**Brazil**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

We have problems with countries that don't use English, French or Spanish in the official forms.

*Other forms*

---

**Colombia**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

There have been difficulties due to the language in which the notification forms are presented for certain export applications. Occasionally, these forms are received in languages such as German, Dutch, French, preventing an easy and expedite evaluation process.

*Other forms*

---

**Cuba**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

*Other forms*

---

**Ecuador**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.  
The utilization of the Instruction Manual, specially the following: "System of control of the tranboundary movements of the dangerous waste and other waste" - Notification and Movement: The Numerals 15, 16. 19. i) ii)- because our country does not have international codes of waste identification as: the classification of the OCDE and the Classification of the United Nations.

**Other forms** We do not have other system of control of the tranboundary movement of dangerous waste.

---

### **Guatemala**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.  
One case in particular was the fact that we received only one copy of the questionnaire, which held up the procedures, since in some cases it proved to be quite difficult to read the written information on it.

**Other forms**

---

### **Guyana**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** There is no information concerning problems being encountered in the usage of the Notification and Movements documents forms provided for Guyana.

**Other forms**

---

### **Honduras**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

### **Jamaica**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

**Other forms**

---

## **Mexico**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

Some countries only use the European Community's notification form and they do not send their answer in the Basel Convention's form.

**Other forms** In the case of the United States, the consent for a hazardous wastes movement is requested in accordance with the established Annex III of the La PAZ Agreement. The OECD's notification Form is also used, when the destination country belongs to that organization. The European Community's Notification Form is used, when the country of destiny requires it.

---

## **Saint Lucia**

2008 The Notification and Movement documents forms of the Basel Convention are not used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** No problems have been encountered in the usage of the Notification and Movements documents forms.

The Saint Lucia Solid Waste Management Authority (SLSWMA) is currently collaborating more closely with generators to improve systems for monitoring compliance with the Basel requirements for the Transboundary movement of hazardous wastes, particularly with used lead acid batteries (ULABs).

**Other forms** N/A.

---

## **Uruguay**

2008 The Notification and Movement documents forms of the Basel Convention are used and/or accepted in the control of transboundary movement of hazardous wastes and other wastes.

**Problems** Problems have been encountered in the usage of the Notification and Movements documents forms.

Sometimes the Notification and Movement documents forms were not accepted and we had to fill UE forms as well as follow Directive (CE) N° 1013/2006.

**Other forms**

---
