Subject: Subject: Response to call for information number 8 b & c:

Dear Ms. Juliette Kohler

The State of Qatar would like to add the following comments; hopefully, to be considered:

b-

- i. There is close coordination between environment, customs and civil defense
- ii. The State of Qatar is training and is willing to further train officers from the competent authorities regarding combating illegal traffic and will appreciate very much referring to and distribute announcements of such type of training to the State of Qatar.
- iii. The state of Qatar is participating and will continue to participate in all activities comes to undertaken by enforcement organizations and networks such as the World Customs Organization, the International Criminal Police Organization, the Asian Network for Prevention of Illegal Transboundary Movement of Hazardous Wastes, the transfrontier shipments of waste cluster of the European Union Network for the Implementation and Enforcement of Environmental Law, the Regional Enforcement Network Project to Combat Illegal Trade in Harmful Chemicals and Hazardous Waste in Asia, the International Network for Environmental Compliance and Enforcement and the Green Customs Initiative; once come to its knowledge and fall within its geographic region.
- iv. The State of Qatar welcomes any relevant awareness information and will be happy to distribute them among all stakeholders; also and will share any relevant information developed by its expertise.

c- The State of Qatar will surely share all best practices regarding combating illegal traffic, so far, the state of Qatar follow the unified customs procedures of the world customs organization and the green customs directions, beside enforcing the Basel Convention Notification procedures which is reflected in the National executive regulations.
