**Dear Ms. Susan Wingfield
Secretariat of the Basel Convention.**

About the following ESM draft manuals and guidance documents :

- Draft practical manual for stakeholders to ensure that notifications of transboundary movements meet environmentally sound management requirements (document UNEP/CHW/OEWG.11/INF/4).
- Draft guidance to assist Parties in developing efficient strategies for achieving recycling and recovery of hazardous and other wastes (document UNEP/CHW/OEWG. II/INF/5).
- Draft guidance on how to address environmentally sound management in the informal sector (document UNEP/CHW/OEWG.II/INF/6).
- Draft practical manuals on Extended Producer Responsibility and on financing systems for environmentally sound management (document UNEP/CHW/OEWG.11/INF/7).

Our country considers its adoption is important, because of its usefulness for developing countries. The document INF 6 is special to us because of the increase in our economy of the so-called informal sector.

Best regards,

**Jorge Alvarez Alvarez
