

Patent Landscape of E-waste Recycling Technologies

Side Event during the Basel Convention OEWG 9

Organized by Argentina, Switzerland and WIPO
Wednesday, 17 September 2014, 13:15 – 14:45, CICG Room 3

Agenda

The *e-Waste Recycling Technologies Patent Landscape Report* was prepared in the context of a collaboration of WIPO with the Secretariat of the Basel Convention. The report aims at providing patent based evidence on the available technologies and the patenting trends in the area of electronic waste (e-waste) recycling and material recovery.

1. Opening remarks
 - Secretariat of the Basel, Rotterdam and Stockholm Conventions
2. Presentation of the Patent Landscape Report on E-waste Recycling Technologies
 - Irene Kitsara, WIPO
3. Country perspectives on current trends of e-waste management
 - Leila Devia, Argentina
 - Isabelle Baudin, Switzerland
4. Questions and answers
5. Conclusion by presenters

More Information on the project and a compilation of reports published also by other institutions is available at:
