### Notes

1. Countries are listed in this table when at least one of the amounts (generation, export and/or import) are available. “0” in “export” and “import” columns indicate that there was no “export” and “import” of hazardous wastes, respectively, in 2002.

2. ✱ refers to footnotes and/or endnotes provided in “Table 1a: total amount of hazardous wastes generated in 2002”.

3. For excluded amounts and/or endnotes refer to the master tables “Table 3: Excluded amounts (export)” and/or “Table 4: Excluded amounts (import)” and “Table 3: End notes (export)” and/or “Table 4: End notes (import)”.

Due to insufficient information, the excluded amounts are not considered for the purpose of data analysis elsewhere in the current compilation. However, for some countries, their excluded amounts, where possible, are taken into account to provide the sum of their ‘exported’ and/or ‘imported’ amounts of hazardous wastes in the “Summary Table 16a: Generation and transboundary movements of hazardous wastes per Parties in 2002”. These countries are: for export: Belgium, Bosnia and Herzegovina, Bahrain, Spain, Italy, Kyrgyzstan, Monaco, Mexico, Poland, Serbia and Montenegro, Sweden, Thailand and Turkey; and for import: Belarus, Belgium, Israel, Italy, New Zealand, Spain, Sweden and United Kingdom.

4. Clarification is pending for some of the exported and imported amounts reported by Azerbaijan, Ecuador (only export amount) Denmark and Russian Federation. (These amounts are not included in the current table.)

5. All master tables are available on the Basel Convention’s website ([www.basel.int](http://www.basel.int)).

1. Countries are listed in this table when at least one of the amounts (generation, export and/or import) are available. “0” in “export” and “import” columns indicate that there was no “export” and “import” of other wastes, respectively, in 2002.

2. ✱ refers to footnotes and/or endnotes provided in “Table 1b: total amount of other wastes generated in 2002”.

3 For excluded amounts and/or endnotes refer to the master tables “Table 3: Excluded amounts (export)” and/or “Table 4: Excluded amounts (import)”; and “Table 3: End notes (export)” and/or “Table 4: End notes (import)”.

For Italy, the excluded amount is not considered for the purpose of data analysis elsewhere in this publication. However, it is taken into account to provide the sum of its ‘exported’ amount of other wastes in the “Summary Table 16b: Generation and transboundary movements of other wastes per Parties in 2002”.

For Australia, the excluded amount is not considered for the purpose of data analysis elsewhere in the current compilation. However, it is taken into account to provide the sum of its ‘imported’ amount of other wastes in the “Summary Table 16b: Generation and transboundary movements of other wastes per Parties in 2002”.
