1. Countries are listed in this table when at least one of the amounts (generation, export and/or import) is available. “0” in “export” and “import” columns indicate that there was no “export” and “import” of hazardous wastes, respectively, in 2003.

2. ✱ refers to footnotes and/or endnotes provided in “Table 1a: total amount of hazardous wastes generated in 2003”.

3. For excluded amounts and/or endnotes refer to the master tables “Table 3: Excluded amounts (export)” and/or “Table 4: Excluded amounts (import)” and “Table 3: End notes (export)” and/or “Table 4: End notes (import)”.

Due to insufficient information, the excluded amounts are not considered for the purpose of data analysis elsewhere in the current compilation. However, for some countries, their excluded amounts, where possible, are taken into account to provide the sum of their ‘exported’ and/or ‘imported’ amounts of hazardous wastes in the “Summary Table 16a: Generation and transboundary movements of hazardous wastes per Parties in 2003”. These countries are: for export: Bahrain, Brazil, Belarus, Estonia, Greece, Italy, Republic of Korea, Monaco, Sweden, Switzerland and Thailand; and for import: Canada, Denmark, Ecuador, Greece, Mexico, New Zealand, Republic of Korea, Russian Federation, Spain and Sweden.

4. For pending clarification refer to the master tables “Table 3: Excluded amounts (export)” and/or “Table 4: Excluded amounts (import)” and “Table 3: End notes (export)” and/or “Table 4: End notes (import)”. (These amounts are not included in the current table.)

5. All master tables are available on the Basel Convention’s website ([www.basel.int](http://www.basel.int)).
