**Remarks:**

Burundi

Confer rapport 2003.

Morocco

The CMPP plays a coordinating as well as catalytic role of a natural cleaner production market by means of: the promotion and dissemination of the concept of sustainable ecological industrial development; improvement of the performance and competitiveness of the enterprise; and making public opinion sensitive and aware of cleaner production technologies.

Uganda

However, the institutions above cannot be expected to be absolute authorities as such.

**Remarks:**

Poland	Almost all technical universities have faculties/teams dealing with waste management.
Republic of Moldova	The Republic of Moldova is Part of Basel Convention since 1998. During that period of time the country has not received any assistance in the field of convention implementation. The framework for the control of transboundary movements of waste was established by MERN staff, composed from one person, which is responsible for all waste management problems, including Basel Convention.
Romania	Information is not available.
