Remarks:

Australia	There were no accidents reported.
Austria	Mainly packaging waste from households was shipped from Austria to Germany for production of a fuel substitute. Due to some content of quick lime the material caught fire. The accident was noted during a control of waste shipments. The waste was quenched by the fire brigade and the water and waste disposed of by incineration (D 10).
Germany	There is no reliable statistics available. Only accidentally known incidents can be reported.
Israel	No data
Spain	No information
Sweden	No information.
