**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks** - National sub divisions and HS Codes for list B have been created to fulfill the national requirements.

- HS Codes were developed for e-products (Washing Machines, Data Processing Machines and Televisions) in order to control importation of second hand e-items which have short life spans.

---

**Thailand**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**United Arab Emirates**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**Viet Nam**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks** Since 1 January 1999, Vietnam has applied the Law on Amendment of and Supplements to some articles of the Law on Export and Import Duties. The new tariff nomenclature was promulgated on the basis of the 1996 Harmonized System (HS 1996) of the World Customs Organization (WCO) at the 6 digit level.

In 1999, the General Department of Customs adjusted the tariff nomenclature and the foreign trade statistics nomenclature to be in line with that of HS Nomenclature.

On 22 January 2003, the Government issued the Decree on Classification of Commodities for Import and Export, which institutionalize the HS System into Vietnam's legal system. On 1 September 2003, a new tariff system took effect that is based on the eight digit Harmonized System.

---

**UN Region: Western Europe and Others**

---

**Andorra**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks** Andorra uses the Harmonized System on customs control of the World Customs Organization since 1991 and has ratified in 2006 the International Convention on the Harmonized Commodity description and Coding System.

---

**Australia**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**Austria**

---

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

Within the EU Area there is no border control anymore. There are controls within the country and to the neighboring non EU Countries.

---

**Belgium**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**Canada**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

Canada uses the Harmonized System (HS) codes for customs purposes but not specifically on the waste manifest.

---

**Denmark**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** Denmark is in a preparatory process to use the Harmonized System on customs control of the World Customs Organization.

**Remarks** Simultaneous controls are arranged in co-operation with other EU countries.

---

**Finland**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

Border control on transboundary movements of wastes is performed by the Customs authorities. Due to the Common Market regulations in the European Community, regular border controls are performed only at the external borders of the European Community. Within the European Community shipments of waste are controlled with random checks by the customs authorities and the police. Environment authorities work in co-operation with the customs, take occasionally part in border checks and give necessary expert advice.

---

**Germany**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**Greece**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks** No border control for imports/exports involving countries of the EU. In these cases only the relevant documentation (notification document and movement document) are checked.

---

**Ireland**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**Israel**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**Italy**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is not established.

**HS** The Harmonized System on customs control of the World Customs Organization is not used.

**Remarks**

---

**Luxembourg**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is not used.

**Remarks**

---

**Malta**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

**Monaco**

2007 There is no information concerning the establishment of a border control for the purpose of export/import/transit of hazardous wastes and other wastes provided for Monaco.

*HS* There is no information concerning the use of the Harmonized System on customs control of the World Customs Organization provided for Monaco.

**Remarks**

Due to Custom Agreement with France, transboundary movements of wastes and their final disposal and recovery are controlled by French and European Union policies. The border control is under the French Custom Authority.

---

**Netherlands**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

*HS* The Harmonized System on customs control of the World Customs Organization is used.

**Remarks****Norway**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

*HS* The Harmonized System on customs control of the World Customs Organization is used.

**Remarks****Portugal**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

*HS* The Harmonized System on customs control of the World Customs Organization is used.

*Remarks* Regular controls are performed only at the external borders of the European Community. Within this area, shipments of waste are controlled at random by the environmental authorities, custom and police.

---

**Spain**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

*HS* The Harmonized System on customs control of the World Customs Organization is used.

**Remarks****Sweden**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

*HS* The Harmonized System on customs control of the World Customs Organization is used.

**Remarks****Turkey**

2007 Turkey is in a preparatory process to establish the border control for the purpose of export/import/transit of hazardous wastes and other wastes.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks** The following is necessary for controlling the transboundary movements of waste at an appropriate level:

The training of the custom bodies performing border control and other related controls; and

Ensuring quick and direct flow of information between the concerned bodies.

---

### **United Kingdom of Great Britain and Northern Ireland**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

The use of the Harmonized System on customs control of the World Customs Organization is optional for exports and imports from and to the United Kingdom.

---

### **UN Region: Central and Eastern Europe**

---

#### **Albania**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

#### **Belarus**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

Not all types of waste have their corresponding codes in the Harmonized System, it makes custom control more difficult.

---

#### **Bosnia & Herzegovina**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

#### **Bulgaria**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks** The customs authorities shall take the actions under Article 65 (3) of the Customs Act upon waste import, export and transit in the cases of:

1. doubt as to the conformity of the shipment with the accompanying documents;
2. declared waste which is not accompanied by a permit, licence or registration document under Article 72 (1) of the Waste Management Act;
3. advance notification by the authority referred to in Article 72 (1) of the Waste Management Act.

Upon crossing of the border, the importers, exporters or transitters of waste shall be obligated to present to the customs authorities a movement document according to Article 4, paragraph 7, subparagraph (c) of the Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and their Disposal

The customs authorities shall certify the movement document according to Article 4, paragraph 7, subparagraph (c) of the Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and their Disposal:

1. upon import: at the customs office or entry;
2. upon export: at the customs office of exit;
3. upon transit: at the customs offices of entry and exit.

Upon certification of the movement document according to Article 4, paragraph 7, subparagraph (c) of the Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and their Disposal, the customs authorities shall retain and keep a copy of the said document.

---

### **Croatia**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---

### **Czech Republic**

---

**Colombia**

2007 Colombia is in a preparatory process to establish the border control for the purpose of export/import/transit of hazardous wastes and other wastes.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks** The National Direction of Taxes and Customs is the competent authority to wield activities relating of customs control of all goods that enter or leave the country. This Institution applies the dispositions contained in the Harmonized System of the World Customs Organization and it relies on evaluation performed by Customs Agents in the points of entry and exit to the national territory.

During the year 2002 the administration undertook a process for the harmonization of Colombia's national system/code for international trade with the dispositions of the Basel Convention for the transboundary movement of hazardous wastes, in order to facilitate the tasks of Colombian port authorities related to the control of Transboundary movements of these materials.

In accordance with the results of this process, it was concluded that although most of the categories of dangerous substances and residues are identified in the Tariff Code 3825, further concerted efforts by the International Custom Organization, to clarify and to broaden the classification of some residues within this Code are required. Current classification is not enough to enable an efficient control of transboundary movements.

Recently, on August of 2006, the Colombian Ministry of Commerce, Industry and Tourism issued information about the classifications in the Harmonized System of the World Customs Organization that require previous authorization from Ministry of Environment, Housing and Territorial Development according to the disposition of Basel Convention.

---

**Costa Rica**

2007 The border control for the purpose of export/import/transit of hazardous wastes and other wastes is established.

**HS** The Harmonized System on customs control of the World Customs Organization is used.

**Remarks**

---
