Other best practices

Please elaborate on the nature of the “other best practice” and on any box you have ticked

En virtud de las dificultades identificadas en 2.2, y la participación en una reciente capacitación en la región, se está programando el desarrollo de un evento similar a nivel nacional, a efectos de concientizar sobre la temática y ordenar la operación de las entidades competentes

Other difficulties

Please elaborate on the nature of the “other difficulties” and on any box you have ticked

El país no cuenta con una provisión legal que indique la responsabilidad penal del tráfico ilícito. Eso sumado a una legislación compleja en la determinación de desechos en el marco del convenio, y falta de conocimiento sobre los términos del convenio en las entidades que intervienen en fronteras, complica la resolución de casos particulares, en los que no se le da intervención directa a la autoridad competente.

19. (ii) International cooperation difficulties :

Lack of information on other Parties’ definition or understanding of what is deemed to be illegal traffic;

*** Lack of harmonized definition or understanding of the meaning of ‘waste’, ‘hazardous waste’ and ‘other waste’; ***

Lack of shared understanding among Parties of how to implement Article 9 of the Convention;

Difficulties in communicating/cooperating with the relevant entities from the States concerned (State of transit, State of export);

Difficulties in identifying or communicating with exporter or generator;

*** Lack of shared understanding of how to operationalize paragraphs 2, 3 and 4 of Article 9; ***

Other difficulties

21. If yes , provide the nature of the difficulties encountered

Dada la naturaleza simplificada de los documentos de movimiento que se limitan a una operación, los generadores que en el país deciden exportar sus residuos para operaciones de disposición o recuperación que se desarrollen en mas de una etapa, desconocen en su mayoría los estadios de tratamiento posteriores a sus residuos, una vez realizada la instancia documentada (Ej - Recuperación de Materiales y el posterior tratamiento al que son sometidos los residuos luego de tal recuperación.)

22. 2.4 Have the guidance documents developed under the Convention pertaining to preventing and combating illegal traffic (
