9. I.9 The notification procedure includes a number of procedural stages that engage a Competent Authority. Which, if any, of these stages should involve an electronic approach? Please tick each box that you think is relevant.

Stage 1: The exporter/generator/State of export of the wastes informs the Competent Authority of the State of export of a proposed transboundary movement of hazardous or other wastes and submits all supporting documents, including the notification document.

Stage 2: The Competent Authority of the State of export has no objection to the export and informs the exporter/generator/State of export thereof (in some Parties, this does not take place at this time).

Stage 3: The notification document is transmitted to the Competent Authority of the States concerned (State of import/transit).

Stage 4: On receipt of the notification document, the Competent Authority of the State of import/transit provide its written consent (with or without conditions) or denial (after asking for further clarification, if necessary).

Stage 5: Once the relevant Competent Authorities have established that all the requirements of the Convention have been met and have agreed to the movement, the Competent Authority of the State of export can proceed with the issuance of the movement document and authorize the shipment to start.

Other stages (please specify)

Aucune expérience

If you have ticked any of the above boxes, please explain why you consider an electronic approach would be helpful.

17. II.8 The movement and disposal procedures include a number of stages. Which, if any, of these stages should involve an electronic approach? Please tick each box that is relevant.

Stage 1: The movement document, which contains important information, accompanies the wastes and is signed by each person taking charge of it.

Stage 2: The exporter and Competent Authority of the State of export receive confirmation that the wastes moved across borders have been received and disposed of by the disposer as planned and in an environmentally sound manner.

Stage 3: The Competent Authority of the State of export that has not received the confirmation that disposal has been completed informs the Competent Authority of the State of import accordingly.

Other stages (please specify)

Aucune expérience dans ce cas en RCA.

18. III.1 In your country, are there electronic approaches to any of the following waste movement processes? Please tick the ones that apply.

Contract between waste exporter and disposer

Notification of proposed movement

Response to notification of proposed movement

Issuance of movement document

Tracking/signature of movement document
National movements of waste following transboundary movement
Notification of reception of wastes
Notification of confirmation of disposal
Information that no confirmation of disposal was received
Other (specify)

Aucune expérience dans ce cas en RCA.

19. III.2 If you already have an electronic approach, name the most significant challenges you face when implementing that approach.

Aucune

20. III.3 If you already have an electronic approach, name the most significant benefits that approach brings.

Aucun

21. III.4 Have you carried out any studies on possible electronic approaches? If possible, please provide us with a brief summary of the findings, or a copy thereof.

Aucune étude n'est encore fait sur les approches électroniques en RCA.

22. III.5 What are the most important practical challenges you face with respect to the movement of waste?

les principaux défis sont:

1. Absence de texte juridique pour la gestion de mouvements de déchets (exemple: exportation illégale des déchets de ferraille);
2. Absence de connaissance exacte entre déchets et non déchets.

23. IV.1 Do you think there is a need for an initiative to provide for electronic data approaches to notification and movement, which would be available to all Parties to the Basel Convention (a Basel Convention electronic system for transboundary movements)?

*** Yes ***

If so, why?

Par souci d'harmonisation des formulaires de notification, il serait souhaitable et important que la Convention dispose d'un formulaire électronique à l'endroit de tous les pays parties à ladite Convention.

No

If so, why?

24. IV.2 In your opinion, which of the listed processes should be supported by a Basel Convention electronic system for transboundary movements? Please tick the relevant box.

- * Contract between waste exporter and disposer ***
- * Notification of proposed movement ***
- * Response to notification of proposed movement ***
- * Issuance of movement document ***

- * Tracking/signature of movement document *
- * National movements of waste following transboundary movement *
- * Notification of reception of wastes *
- * Notification of confirmation of disposal *
- * Information that no confirmation of disposal was received *

Other (specify)

25. IV.3 Which, if any, of the alternatives listed below for a Basel Convention electronic system for transboundary movements would be your preference? Please, tick the relevant box and explain your answer.

- * A central system managed by the Secretariat and accessible by all Parties and other stakeholders *

Not answered

A decentralised system, where each Party would have its own system, which could communicate with other systems using standardized messages

Not answered

An intermediate system, with some Parties having their own systems and others not, with the Secretariat playing the role of the centralized repository of the notifications

Not answered

Other (please specify)

26. IV.4 If you would favour a Basel Convention electronic system for transboundary movements, what would you expect the main benefits to be?

1. Facilité de partage d'informations et d'expériences;
2. Facilité d'accessibilité à un système électronique disponible par les pays parties qui n'ont pas un système électronique existant.

27. IV.5 If you would not favour a Basel Convention electronic system for transboundary movements, what would you expect the main challenge s to be?

Not answered

28. V.1 Please add any additional information or comments pertaining to an electronic data approach that is not included in answers to the above questions and could improve the implementation of the Basel Convention control procedure.

Rien à signaler.
