

**Proceedings of the Regional Preparatory Meeting for the 2017 meetings of the conferences of the Parties to the Basel, Rotterdam and Stockholm conventions for the Latin America and Caribbean region**

**Sao Paulo, Brazil, from 28 to 31 March 2017**

**Background**

In order to assist Parties in preparing for the back-to-back meetings of the conferences of the Parties in 2017, the conferences of the Parties to the Basel, Rotterdam and Stockholm conventions requested the Executive Secretary of the conventions to support regional meetings to assist regional preparatory processes, coordinated with other regional meetings (decisions BC-12/23, RC-7/13 and SC-7/31). The regional preparatory meetings for the 2017 COPs are being held back to back with working sessions to address regional specific issues related to ratification and early implementation of the Minamata Convention on Mercury.

The regional preparatory meetings have been organized in close cooperation with the bureaux members of the concerned regions.

1. The regional preparatory meeting for the 2017 meetings of the conferences of the Parties (COPs) to the Basel, Rotterdam and Stockholm conventions for the Latin American and Caribbean region was held at the Hotel Gran Estanplaza Berrini, in Sao Paulo, Brazil, from 28 to 31 March 2017. The meeting was held back-to-back with a regional working session of the Minamata Convention on Mercury held on 27 March and on 1 April 2017, at the same venue.
2. The regional preparatory meeting was hosted by the Federal Government of Brazil and the State of Sao Paulo and organized thanks to the generous support of the Government of Switzerland, with support from the Stockholm conventions regional centre for Latin America and the Caribbean in Brazil (CETESB).

3. The objective of the meeting was to provide an opportunity to participants to familiarize themselves with the items on the provisional agendas of the COPs as well as the tentative organization of work of the meetings. It also aimed at enabling Parties to discuss regional priorities and regional positions for the meetings. The programme of the meeting is set out in annex I to the present proceedings.

4. The meeting was attended by a total of 93 participants, including 64 representatives from 28 Latin American and Caribbean country Parties and 29 representatives from observer organizations. The list of participants is set out in annex II to the present proceedings.

5. Participants exchanged views on the 2017 COPs meeting documents for those agenda items that were part of the programme of the Latin American and Caribbean regional preparatory meeting. All COPs documents can be found on the meeting website at: <http://brsmeas.org/2017COPs/>.
